2022 MANUFACTURERS DIRECTORY SAGINAW COUNTY - MICHIGAN

As a service to our business community, Saginaw Future has provided a manufacturers directory for Saginaw County, Michigan. Our mission is to help company and professional researchers find information that will help stimulate business relationships and opportunities.

Companies in this directory are categorized as manufacturing firms with respect to the Michigan Economic Development Corporation's definition:

Manufacturing is the process of converting raw materials, components, or parts into finished goods that meet a customer's expectations or specifications. Companies defined as manufacturers primarily manufacture or process goods or materials by physical or chemical change. (Also included are companies that supply specific services to the manufacturing sector).

Please note that a Microsoft Excel directory is also available.

Reasonable efforts have been made to ensure accuracy of the information in the directory. This information was obtained from what are generally considered reliable sources. If your company is not listed, or if the information is inaccurate or has changed recently, please call our office at 989-754-8222 x 231 or email info@SaginawFuture.com

Directory Data Sources: Michigan Department of Technology, Management and Budget 2022; D&B Business Directory information pulled 2022; Previous Saginaw County Manufacturers Directories produced by Saginaw Future Inc.; Business web pages; Manta Media Inc. Business Directory; and Applied Geographic Solutions, 2021.
