SFI Is

Saginaw Future Inc. (SFI) is in the business of energizing new investment and job growth in Saginaw County, MI, US. Established in 1992, SFI is a private, non-profit alliance of local businesses, the Saginaw County Chamber of Commerce, the County and City of Saginaw, 15 local municipalities, education, labor organizations and local foundations.

Mission

The mission of Saginaw Future is to increase economic opportunity in Saginaw County by facilitating and supporting business retention, expansion, attraction, and new business development. SFI collaborates with business, education, government and community partners to position Saginaw County as a great place to live, work and locate a business.

Vision

To be recognized as the premier organization providing proactive and focused economic development assistance, striving for diversified growth, increased tax base and job creation and retention for all of Saginaw County.

Services & Expertise

Saginaw Future assists companies with financial and incentive packaging, state programs, government contracts, identifying and developing sites and provides access to shovel ready FREE land. SFI also serves as an advocate for business investment projects, connects with resources to address workforce needs and serves as a community liaison, through our service contracts with local and state government partners.

Budget

SFI is a non-profit 501(c)(3) corporation with an annual operating budget of \$1.1 million. SFI contracts with the County and City of Saginaw and 15 local units of government for economic development services, and receives nearly half of its funding from 213 private business contributors, foundations and individuals. SFI also receives grants from the MEDC and U.S. DOD for procurement initiatives.

History

Statistical Overview	2016	1992-2016
Business Expansions	27	521

Total Value of Contracts	\$59,873,140	\$472,125,641
NEW INVESTMENT	\$91,546,744	\$6,764,213,169

CHAIRMAN'S LETTER

On behalf of the Saginaw Future Inc. Board of Directors and staff, thank you to all of our Contributors who supported our organization over the past 25 years.

Covenant HealthCare and I have been working with Saginaw Future for years. Led by its volunteer Board, SFI and its community partners have worked tirelessly to improve our local economy by assisting over 650 projects since 1992.

Exciting economic progress continues to take place all over Saginaw County in various industry sectors. Over the past year, SFI worked on 21 manufacturing, two logistical, four commercial and business services related projects and more. Investment and interest in Downtown and Old Town Saginaw are robust and making an incredible impact on our urban center. All of this progress points to a healthy and growing economy.

For 25 years, we have worked hard to build on opportunities and support jobs and new investment in our community. SFI will continue to help develop and market Saginaw County and our many business advantages!

Sincerely,

Dan George, Chairman
Saginaw Future Inc. Board of Directors

MANUFACTURING LEADERS

Meggitt-Thomson Aerospace & Defense

www.meggitt.com

invested \$4 million in 2016 and new President Mike Atwood is looking to more than double its sales over the next ten years.

The company added three jobs and expects to continue investment and employment growth. Thomson's primary focus is doing business with the government and the aerospace industries. Saginaw Future assists Thomson weekly with engineering specifications, standards, manuals and technology documents for the Department of Defense. SFI also provides market research and connected the company to Great Lakes Bay Michigan Works! to assist with securing talent. Located at 628 N. Hamilton St. in the City of Saginaw, Thomson specializes in linear motion management components and systems for a number of markets. Those include: large aircraft, regional aircraft, business aircraft, general aviation, helicopters, military aerospace and non-aerospace military and military vehicles. Thomson is part of UK-headquartered Meggitt PLC, which is a global engineering group specializing in extreme environment components and smart sub-systems for aerospace, defense and energy markets.

Nexteer Automotive

www.nexteer.com

- A Leader in Intuitive Motion Control – is a multi-billion dollar global steering and driveline business delivering electric and hydraulic power steering systems, steering columns, driveline systems as well as advanced driver assistance systems (ADAS) and automated driving technologies for original equipment manufacturers. Nexteer maintains product focus on electric power steering (EPS), a socially responsible technology that offers automakers increased fuel economy and reduced emissions. Nexteer Automotive has put more than 40 million EPS units on the road since 1999, saving more than three billion gallons of fuel. During 2016, Nexteer invested nearly \$60 million and added 167 jobs. It also provided internship opportunities for over 160 students in higher education programs. Nexteer has invested more than \$500 million between 2010 – 2016. Nexteer Automotive announced at the North American International Auto Show its intent to form a joint venture with Continental focused on the advancement of motion control systems and actuator components for automated driving.

MANUFACTURING MATTERS

Mahar Tool Supply Company celebrated its 70th anniversary and with its workforce of 125, including 44 in the City of Saginaw, expanded globally. The company is a distributor of cutting tools and specialty products, and provides high tech services. Mahar Tool added \$125,000 in new technology to increase efficiency and capacity. www.mahartool.com

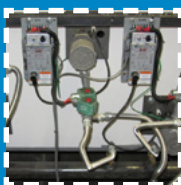

Dee Cramer, Inc. expanded to 3720 E. Washington Ave. in Buena Vista Charter Township. The building had been leased to Federal Express, which moved into its new 213,000 sq. ft. location east of this building. Dee Cramer located spiral manufacturing equipment and 14 employees at the site, and expects to hire more employees. SFI assisted with connections to Consumers Energy and Buena Vista to upgrade the building's power. www.deecramer.com

Container Concept Solutions purchased the long vacant 2700 Perkins in the City of Saginaw. The company designs and converts shipping containers into mobile buildings, such as disaster relief centers, medical stations, drive through coffee shops, sports complexes, and even homes. Container Concept invested over \$100,000 in renovating the facility and created five jobs as a result of the project. www.containerconceptsolutions.com

R & M Machine Tool is a complete machine shop specializing in precision manufactured parts, and prototype tooling. During 2016, the company continued to purchase new equipment adding two Lathes and a CNC Mill totaling \$200,000 that resulted in hiring three workers. SFI assisted the company by facilitating a Skilled Trades Training Fund grant application with Great Lakes Bay Michigan Works! www.rmmachine.com

Banner-Day Engineering specializes in automation and temperature control for commercial bakery ovens and electric impedance systems for commercial and industrial piping. Banner Day increased its reach through the state's Trade Export Promotion program that supported a display investment and adding two employees. The company also invested more than \$100,000 in facility improvements and looks to hire five employees in 2017. www.banner-day.com

MANUFACTURING IS IN OUR DNA

Midwest Manufacturing

www.midwestmanufacturing.com

Orchid Bridgeport

www.orchid-ortho.com/bridgeport

KUKA Assembly and Test Corp.

www.kuka-at.com

is a Saginaw concrete plant owned by Menard Inc. located at 1808 Veterans Memorial Parkway. Menard has operated the facility since 2011 and has constructed a 40,000 sq. ft. addition. Midwest produces concrete products sold at Menard stores or available for pick-up at the Saginaw plant. The company added on to the facility so it can provide distribution services for other types of merchandise. The City of Saginaw and Saginaw Future have a close relationship with Midwest and support its continued growth and expansion.

added new production lines at its Bridgeport Charter Township location to manufacture single use surgical cutting instruments. The project generated \$5 million in new investment and created 30 jobs, and was supported by a \$105,000 Michigan Business Development Program performance-based grant. Michigan was chosen over a competing site in California. In addition to assistance from the Michigan Economic Development Corporation, Saginaw Future worked with Bridgeport and Orchid to explore infrastructure improvements and job training support.

designs and builds automation and test systems primarily for Ford and General Motors. Sales grew 27% in 2016 and employment has reached 125 at its Bridgeport Charter Township location. KUKA invested \$820,000 in a 5-Axis Machining Center, is implementing a Systems, Applications and Products program, and expects to hire another 20 to 30 employees in the coming year, including many engineers. Saginaw Future and Great Lakes Bay Michigan Works! assisted the company with an application for a Skilled Trades Training Fund grant.

DURO-LAST ROOFING, INCORPORATED made investments totaling more than \$25 million from 2014-2016, including a new PVC extruder. This resulted in increased business and the creation of 30 new employees. SFI worked with the company and Great Lakes Bay Michigan Works! to help secure a Skilled Trades Training Funds grant that will support Six Sigma, Lean Office and other training. Duro-Last is the world's largest manufacturer of custom-fabricated single-ply roofing system. As a full system provider, Duro-Last offers time-saving prefabricated accessories, insulation and roll goods. www.duro-last.com

HI-TECH STEEL TREATING, INC. has recently acquired new technology including a new induction scanner, hardness testers and additional new and used equipment. The investment is expected to create greater efficiencies, attract new business and replace older equipment. The company invested more than \$470,000. Saginaw Future assisted with an abatement through the City of Saginaw and the State of Michigan to support the project, which will create and retain four jobs. www.hitechsteel.com

U.S. Graphite Inc.

www.usgglcdco.co.uk

is located at 1620 E. Holland Ave. in the City of Saginaw. The company made aesthetic improvements that included demolishing structures and \$230,000 in real property improvements. Work included the resurfacing of exterior walls, roofing, lighting, heating and ventilation. U.S. Graphite also purchased a \$130,000 CNC machine. The company has invested over \$1.7 million since 2010, which began with the acquisition of the long vacant Kelly Tire building. Continuous improvements have been made to the building that now houses administrative, research and development, and engineering staff.

Hehr International

www.hehrintl.com

are installing new equipment for the production of Recreational Vehicle industry insulated glass for customers seeking to prevent outside sound. To date, \$500,000 was invested at Hehr International and \$60,000 at Hehr Glass; both are located in the Village of Chesaning. Engineering is also being brought in-house from California and additional space is needed for a longer glass line to produce higher quantities of the insulated glass. Hehr currently lacks space at its facilities for this increased work and are exploring neighboring properties as options for new construction. Saginaw Future will continue to work with the company and the Village of Chesaning to support future expansion and possible road improvements.

Hehr Glass Co.

www.hehrglass.com

DOWNTOWN & OLD TOWN QUALITY OF LIFE

From cultural and entertainment destinations to new residential projects and nightlife, the City of Saginaw continues to have exciting resurgence!

SVRC Marketplace

www.svrcindustries.com/marketplace

celebrated its new project in Downtown Saginaw. The iconic former Saginaw News building is being redeveloped into a 100,000 sq. ft. mixed-use facility. The exterior will feature a pavilion covering 48 vendor stalls for the Downtown Saginaw Farmers' Market. The \$19.8 million projected investment will be secured through a combination of grants, loans, sponsorships, donations and developer equity. SFI, Saginaw DDA, the City of Saginaw, MDEQ and MEDC collaborated to support the project.

Cathedral of Mary of the Assumption

www.saginaw.org

launched a major restoration project at 615 Hoyt St. The project, which relies mostly upon local contractors, is estimated to cost \$3.5 million. It is being funded by generous donors throughout the diocese. The work to be completed at the 115 year old church includes air conditioning, new flooring, basement, renovation, mechanical and electrical upgrades, interior and exterior lighting, plastering and artistic painting, refurbishing of the stained glass windows and more.

Hardest Hit Fund

www.saginaw-mi.com

is federal funding targeting the removal of blighted buildings. The City of Saginaw, in partnership with the Saginaw County Land Bank, was awarded \$2.2 million to remove blight in its neighborhoods. The funding is part of \$118.1 million Michigan received from the U.S. Department of the Treasury. This is the second phase of the successful blight elimination program. Between 2013 and 2015, 860 vacant structures were removed in Saginaw. Saginaw Future once again provided grant assistance.

Sandweesh
www.facebook.com/sandweeshsaginaw

purchased the former Subway restaurant located at the corner of Cass St. and S. Michigan Ave. in the City of Saginaw. Sandweesh is a fast, casual Mediterranean restaurant offering wraps, salads, and a variety of specialty Middle Eastern items, including hummus, tabouli, baba, ghanouj and more. David Strouse and Gino Cicci Cicarella partnered on the project. The total investment for the new restaurant will exceed \$250,000 and they expect to hire 15 employees.

New Amadore Apartments
www.facebook.com/The-New-Amadore-Apartments-108236685898990

is located near Downtown Saginaw and will become the first property to use a countywide special assessment district approved in 2013. Owners will replace 281 original single-pane windows installed in 1929 and will use \$300,000 in funding from Petros PACE Finance LLC made available through Property Assessed Clean Energy (PACE) financing, which allows businesses and nonprofits to secure financing for energy efficiency improvements and renewable energy system projects.

The Gallery, Art for Saginaw
www.artforsaginaw.com

opened in the Bancroft Building in late Fall. It features Michigan artists with emphasis on modern and contemporary art that is on display and sold at the gallery. Fifty percent of the proceeds go to the artists and the other half goes to the Saginaw Art Museum to benefit the youth of Saginaw through education, awareness, appreciation and other programs developed by the museum. Plans also include art classes for children and adults, and the hosting of charitable events at The Gallery.

MORE MANUFACTURING

R&R Ready Mix, Inc.

www.rrreadymix.com/locations/saginaw

made real property improvements with nearly \$400,000 in roofing, metal siding and electrical upgrades. This allows the company to pursue more precast concrete production opportunities. SFI is assisting Zilwaukee Township through the process of its first ever property tax abatement to support the project's development. The nearly \$390,000 investment will retain an existing 20 employees and create five new jobs. R&R Ready Mix, Inc. opened for business in 1957 and has grown to four locations in Bay City, Clio, Hemlock and Saginaw. The company has a modern fleet of mixer and support trucks and over 50 employees. R&R also provides steel, expansion joints, tile, culverts and more.

Mistequay Group Ltd.

www.mistequaygroup.com

is the Saginaw Future Procurement Technical Assistance Center Contractor of the Year! Mistequay was founded over 25 years ago on automotive and has diversified into aircraft, aerospace and defense. The company now has about 140 employees in the U.S.A. mostly in Saginaw, and has invested nearly \$2 million in "state of the art" machinery and equipment over the last three years. Mistequay has retained 140 jobs and has 15 position openings. SFI facilitated a Skilled Trades Training Fund grant application through Michigan Works!, which will allow for the training of 27 workers.

Erie Custom Signs

www.ericustomsigns.com

has expanded to 12 full-time employees and provides a variety of signs. The company specializes in Americans with Disabilities Act interior compliant signage. Erie recently purchased the former Celebrations Hall on 1017 S. Wheeler St. in the City of Saginaw, which will allow for future expansion projects. Saginaw Future worked with the City of Saginaw to help with site location, and issues related to zoning, building inspection and property tax assessment. Erie Custom Signs prides itself on the ability to fill orders from a single sign to an entire hotel with remarkable lead times and complete customer satisfaction with quality signage made in the U.S.A.

B&P LITTLEFORD LLC

is a new company created when B&P Process Equipment purchased the assets of Littleford Day. The combined company provides the greatest number of mixing solutions in the industry. SFI, the City of Saginaw, the Saginaw County Land Bank, US EPA, and MDEQ have been working on a large scale clean-up of a site adjacent to B&P. www.bplittleford.com

CINDERELLA INC.

was founded in 1955, and in 2016 invested in a major concrete replacement project at its headquarters and installed a large new parking lot on adjacent property. The City provided support for its original expansion through the Brownfield TIF program. The company has 65 full-time employees and hires 50-60 seasonal workers each year. www.cinderellainc.com

ESTERLINE – MEMTRON INPUT COMPONENTS

produces custom-designed input components including membrane switches, passive and active PC board-backed switches, elastomeric keypads and touch screens. Its products are found in virtually any application – from surgical rooms and restaurants to manufacturing plants and oil rigs. The company invested over \$300,000 in new technology. www.esterline.com/memtron

COMMERCIAL, BUSINESS SERVICES, TRANSPORTATION

Showboat Restaurant of Chesaning

www.facebook.com/ShowboatRestaurant

has been operating in the Village of Chesaning since 1985 and was facing possible closure. Saginaw Future reached out to the realtor after learning of the closing and sent information regarding EMCOG Revolving Loan Fund financing, a subordinated lending program. The new owners were able to access the program as an integral part of the total financing package needed to purchase the restaurant. The owners will retain the 34 existing employees, who each have on average 11 years of service. This restaurant was not only a eatery, but a community gathering place and the retention of it is a relief to the entire Chesaning area.

Frankenmuth Farmers Market

www.frankenmuthfarmersmarket.org

was awarded a \$75,000 grant by Consumers Energy in support of its ongoing construction efforts. The Market's grand opening was in May 2016 and features a covered vendor pavilion with available space for up to 50 vendors. Additional amenities include a gathering barn for social activities and educational classes, a farm store and a kitchen incubator. SFI continues to assist the project and helped with the grant application. The Frankenmuth Farmers Market's mission is to promote and provide locally grown food and products, education, and entrepreneurial opportunities to benefit the community and foster sustainability.

Caravan Facilities Management LLC

www.caravanfm.com

was established in 1997 as a certified minority owned business. With its Corporate Headquarters in Saginaw, Michigan, Caravan FM has grown to be one of the industry's top performers in the U.S. The company is a proven performer in the field of facility management, including basic janitorial, building maintenance and additional integrated services. Caravan has the capability and experience to handle a wide range of facility services for the automotive industry, stadiums/entertainment venues, office buildings, college campuses and healthcare facilities. During 2016, Caravan Facilities Management hired an additional 526 employees company-wide, including 21 people locally.

MORLEY COMPANIES, INC.

continues to add positions as part of a recent contract. The opportunity allowed Morley to grow its 153-year old business in Saginaw while creating a new center that supports its client's need to operate close to facilities in South Carolina. As one of the largest employers in the Region, Morley added 250 jobs in Saginaw Charter Township. www.morley.net

DELTA COLLEGE

was awarded a grant for \$726,000 by the Harvey Randall Wickes Foundation in Saginaw to support a new Diesel Technician Program, including ag-related. The grant includes the purchase of tools, equipment, training and certification. SFI took the lead role in facilitating meetings with Delta, Michigan Works! and area trucking companies. www.delta.edu

WIELAND TRUCKS INC.

is headquartered in Buena Vista Charter Township and has additional locations in Bay City and Clare. The company has over 80 employees and sells new and used trucks, provides servicing and has a custom fabrication shop. Wieland invested over \$1 million in a two-story office and added 5,000 sq. ft. of storage. www.wielandtrucks.com
