SFI Is

Saginaw Future Inc. (SFI) is in the business of generating new investment and job growth in Saginaw County, MI, US. Established in 1992, SFI is a private, nonprofit alliance of local businesses, the Saginaw County Chamber of Commerce, the County and City of Saginaw, 15 local municipalities, labor organizations and local foundations.

Mission

The mission of Saginaw Future is to increase economic opportunity in Saginaw County by facilitating and supporting business retention, expansion, attraction, and new business development. SFI collaborates with business, education, government and community partners to position Saginaw County as a great place to live, work and locate a business.

Vision

To be recognized as the premier organization providing proactive and focused economic development assistance, striving for diversified growth, increased tax base and job creation and retention for all of Saginaw County.

Services & Expertise

Saginaw Future assists companies with Financial and Incentive Packaging, identifying State Business Opportunity Programs, Government Contracting, Site Location Assistance, Shovel-ready FREE land, Industrial Site Development, Business Advocacy and Community Liaison assistance, Workforce Development needs and more!

Budget

SFI is a non-profit 501(c)(3) corporation with an annual operating budget of \$1 million. SFI contracts with the County and City of Saginaw and 15 local units of government for economic development services, and receives nearly half of its funding from 191 private business contributors, foundations and individuals. SFI also receives grants from the MEDC and U.S. DOD for procurement initiatives.

History

Statistical Overview	2014	1992-2014
Business Expansions	26	470
Businesses Attracted	8	120
Jobs Created/Retained	1,323	23,914
Government Contracts	851	7,270
Total Value of Contracts	\$35,745,037	\$380,072,582
NEW INVESTMENT	\$232,907,590	\$6,498,616,030

CHAIRMAN'S LETTER

On behalf of the Saginaw Future Inc. Board of Directors and staff, thank you to all of our Contributors who support our organization.

2014 was an exciting year for economic development as we directly assisted 35 business projects that have greatly added to Saginaw County's economy and to SFI's proven track record.

Nearly \$233 million was invested in new machinery, facilities and equipment that will help drive our economy into the future and add to our local tax base. More than 1,300 jobs were created and retained that benefit Saginaw County and Regional residents, whose wages go right back into our local economy. In November 2014, Saginaw County's unemployment rate was 5.2%, which was the lowest percentage in 15 years.

With the economic momentum of 2014, we are excited about the opportunities for 2015 and will continue to help grow our existing businesses and attract new companies, like Suniva to Saginaw County. In addition, we will continue to market sites at targeted tradeshows, site consultant events, direct meetings and through the use of promotional tools.

Sincerely,

D. Aaron Howald, Chairman
Saginaw Future Inc. Board of Directors

MANUFACTURING LEADERS

Fullerton Tool Company

www.fullertontool.com

is opening a second Saginaw County manufacturing facility in Thomas Township's Great Lakes Tech Park, with support from the Michigan Strategic Fund. The expansion is expected to generate \$8 million in new private investment and add 58 new jobs. Fullerton Tool, founded in 1942 in the City of Saginaw, manufactures solid carbide cutting tools for a vast variety of industries including medical, aerospace, automotive, power generation, heavy equipment, recreation, firearms and mold and die industries. The company has been awarded a \$400,000 Michigan Business Development Program performance-based grant and Saginaw County provided 35 acres of shovel-ready property to support the project, SFI assisted with site location, project incentive packaging, and Park infrastructure and preparation.

Nexteer Automotive

www.nexteer.com

invested an estimated \$92.5 million at its site in Buena Vista Charter Township and added 280 jobs during 2014, making the company the largest manufacturer and employer in Saginaw County. Nexteer attributes its success to its productive employees, innovative technology and the safety, comfort, performance and reliability of its products. Nexteer Automotive is a global leader in advanced steering and driveline systems. Nexteer's in-house development and integration of hardware, software and electronics gives the company an unmatched competitive advantage as a full service steering supplier. In addition, Nexteer is one of the leading participants in the State's Community Ventures Program, which provides meaningful employment to those needing a second chance.

Suniva, Inc.

www.suniva.com

a metro-Atlanta based manufacturer of solar cells and modules, opened a second U.S. facility in Saginaw Charter Township. The company needed an existing building to meet the production schedule of its highly-regarded American-made modules. Suniva is expected to add 350 new jobs to the Saginaw community. The new facility further strengthens Suniva's position as America's leading solar module manufacturer, employing a higher percentage of American workers than any other tier-I solar manufacturer. The company currently produces its high-powered Optimus monocrystalline module line with power ratings up to 280W (60-cell format) and an industry-leading 330W (72-cell format). SFI assisted the company with site location assistance, and state and local incentives.

AGRIBUSINESS & CONSTRUCTION RELATED

Hausbeck Pickle Company, Inc. manufactures pickles and peppers used primarily in the commercial quick serve market, and has customers such as Subway, Burger King, Sonic, Papa Johns and others. Hausbeck invested \$650,000 in an expansion project and purchased \$1.1 million in processing and packaging equipment. www.hausbeck.com

Custom Foods Inc. made necessary sewer upgrades to allow for the expansion of its tank yard. The facility stores, grades, and brines cucumbers/pickles for the commercial manufacturing and processing of pickles. Property improvements total more than \$319,000 and SFI assisted the company and the City with a tax incentive.

Freeland Bean and Grain Inc. constructed a large storage facility that will house a dryer and conveyor system at its 1000 E. Washington headquarters in Tittabawassee Township. The more than \$300,000 investment will allow for additional process capacity and create approximately three jobs. www.freelandbeanandgrain.com

T.M. Klein & Sons Honey and Containers constructed a new 5,000 sq. ft. building and added new equipment. The honey producer has experienced increased demand for its products and is seeking to expand jar sales. SFI assisted the company with the Pure Michigan Economic Gardening program. tmksons@gmail.com

Yeager Paving Materials LLC is a new start-up company in the process of preparing a site and purchasing equipment for the development of an asphalt materials manufacturing plant in Carrollton Township. The company is investing \$780,000 and expects to create 10 jobs as a result of the project. www.yeagerasphalt.com

Mid Michigan Truss & Components LLC added new equipment to produce larger trusses. This is the second phase of an overall project started last year that added additional square footage to its production facility located in Carrollton Township. The company added 10 jobs in 2013 and another two in 2014. www.midmichigantruss.com

MEDICAL & TRANSPORTATION

CMU College of Medicine
St. Mary's of Michigan

www.synergymedical.org

CMU College of Medicine
Covenant HealthCare

www.synergymedical.org

Dow Corning Healthcare
Industries Materials Site

www.dowcorning.com

will soon begin construction of a facility located on St. Mary's of Michigan's campus in Downtown Saginaw. The Central Michigan University (CMU) Board of Trustees approved a \$12 million construction and renovation plan that will provide space for internal medicine and senior health care clinics and a neuroscience center in a 17,100 sq. ft. facility connected to St. Mary's. The project also includes the renovation of the St. Mary's Health Education Center's 250-seat auditorium and two classrooms. Construction begins in spring 2015 and is expected to conclude in summer 2016.

is constructing a 46,000 sq. ft. building on the campus of Covenant Healthcare. The facility will house a state-of-the-art simulation center and four advanced technology classrooms for the CMU College of Medicine. The building will serve as a hub for third and fourth year medical students. The medical school's residency program will use the classrooms, labs, training spaces and library. Eight of the 15 project subcontractors are from Saginaw and all are from within a 75 mile radius of the City of Saginaw. The building is expected to be complete by May 2015.

is investing \$16.2 million in new equipment and improvements to its Thomas Township facility. The company will spend nearly \$1.9 million in building improvements and \$14.3 million in equipment. The medical device manufacturer is expected to create a total of 12 new jobs at the site within two years and 27 jobs will be retained. Built in 1964, HIMS was an early pioneer in the development of silicon-based materials for healthcare applications. Today, HIMS serves hundreds of customers worldwide with innovative healthcare products and solutions.

COVENANT HEALTHCARE EMERGENCY CARE CENTER

completed its 11,456 sq. ft. expansion, which adds 18 treatment bays to the existing 47 and also houses a dedicated CT scanner and mini-laboratory. The investment is supported by more than 200 physicians, nurses and nursing assistants along with ancillary staff. SFI serves on the Hospital Bond Development Authority, which issued revenue bonds to support the \$6.5 million project.

www.covenanthealthcare.com

ORCHID BRIDGEPORT

is a medical device manufacturer and a division of Orchid Orthopedic Solutions, a worldwide leader of medical device outsourcing services. The company purchased nearly \$5 million in new equipment to meet ever increasing customer demand and will help Orchid reduce production costs and meet higher volumes. The investment has led to the creation of 16 new jobs.

www.orchid-orthopedics.com

GREAT LAKES PROGRAMS OF ALL-INCLUSIVE CARE FOR THE ELDERLY (PACE) is a 20,000 sq. ft. all-inclusive elder care facility at 3200 Fashion Square in Saginaw Charter Township staffed by 60 employees. The A&D Charitable Foundation is managing the PACE model, which specifically targets people who are 55 and older and meet the state of Michigan’s nursing home criteria, but choose to reside at home. www.a-dhomecare.com

Lakes State Railway

www.lsrc.com

continues to invest in its facilities in the City of Saginaw, which is the headquarters and operating hub for the company. Lake State has invested more than \$2 million over the last two years, including an upgraded locomotive servicing facility, improved drainage in the rail yard, rebuilt track and switch stations, and new customer loading tracks. The company added four new jobs as a result of the project.

Sargent Docks & Terminal, Inc.

www.sargentdocks.net

recently completed construction on two new storage domes at its City of Zilwaukee facility on the Saginaw Riverfront. The company invested over \$1.5 million in the project, which will help to better serve agricultural customers. Sargent Docks added two new fulltime positions as a result of the project. The company provides bulk construction and agricultural materials by ship, rail, and truck.

Central Warehouse CDSF, Inc.

www.peopllesservices.com

was purchased by a real estate and property service/management company out of Canton Ohio, including the Saginaw, Midland and Vandalia, Ohio locations. CDSF, Inc. hired all of the existing employees and will continue to operate the buildings and services just as Central Warehouse did for over 100 years. SFI assisted in transferring an Obsolete Property Rehabilitation Act exemption to the new company.

DOWNTOWN & OLD TOWN QUALITY OF LIFE

From cultural and entertainment destinations to new residential projects and nightlife, the City of Saginaw continues to have exciting resurgence!

Saginaw Art Museum

www.saginawartmuseum.org

received a \$1 million allocation from the 2015 State of Michigan budget that will be used to continue the execution of its strategic plan, which focuses on sustainability and efficiency. The museum's goal is to be a driving force in the quality of life for its constituents, and a champion for arts education in the Great Lakes Bay Region. SFI, Saginaw County Chamber and former Senator Roger Kahn advocated for the quality of life project and is working with the Museum through the grant allocation process.

FirstMerit Bank Event Park

www.firstmeritbankeventpark.com

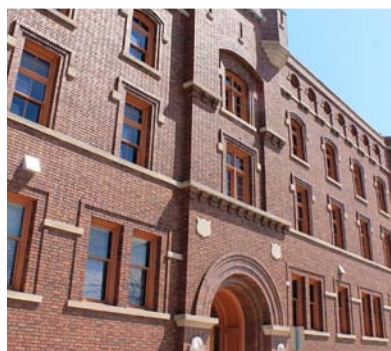

received \$700,000 in State funding, along with a recent grant of \$50,000 from the Consumers Energy Foundation. The funds will support new dressing rooms, restrooms, a mechanical and electrical room and a small office space. SFI advocated for the project and assisted the Building Authority and SMG with grant writing and administration. The 5,500-seat Event Park was opened in the Summer of 2013 and its development was also supported by the Saginaw County Chamber and former Senator Roger Kahn.

Court & Michigan Redevelopment Project

features the historic renovation of three buildings located at the corner of Court St. and Michigan Ave. in Old Town Saginaw. Three developers from Ann Arbor and San Diego invested more than \$750,000 in the renovations, which include commercial space on the first floors, and residential on the second and third.

Indigo Club
www.glcrossroad.com

is located in the Great Lakes Crossroad building at the corner of Janes St. and Water St. in Downtown Saginaw. Owner Abraham Allen and his wife invested over \$500,000 during the past several years to restore the former historic Armory Building. The Indigo is an additional \$200,000 investment that will be an upscale bar and concert venue hosting live blues and jazz musicians. Saginaw Future assisted the Allens and the City with additional parking for the project.

Bradley's Bistro
www.bradleysbistro.com

is a new farm-to-table restaurant located at 216 Federal Ave. in Downtown Saginaw. The bistro will change its menu seasonally and focus on locally sourced produce and protein. SFI worked with Rehmann, Spence Brothers and the City of Saginaw as part of a new pilot business mentorship program. The owners are lifelong Saginaw residents and the chef has more than 20 years of experience. Bradley's is a successful Kickstarter Project (where people are offered tangible rewards in exchange for pledges).

Hamilton Street Condos
www.sspdevelopment.com

were extended Renaissance Zone benefits to support the City of Saginaw's first market rate condominium project. In March 2014, a new law was signed, along with receiving approval by the Michigan Strategic Fund. Shaheen Development's 30-unit, \$3.62 million project will be located on Hamilton St. across the Saginaw River from Ojibway Island. The property was a former vacant manufacturing site and developers will pass along the tax-free status to the condo purchasers.

ADVANCED MANUFACTURING

Duro-Last, Inc. and Plastatech Engineering Ltd.

www.duro-last.com www.plastatech.com

have invested \$18.3 million and created 10 new jobs. The project included building modifications, which started in spring of 2014 and equipment installation in August. Plastatech is a manufacturer of laminated vinyl and coated products. The company mainly sells to Duro-Last and users of geo-membrane and both companies are located in Buena Vista Charter Township. Duro-Last is a manufacturer of pre-fabricated roofing systems sold nationwide and in Canada to roofing contractors on low-sloped roofs. The equipment allows the company to localize production of currently outsourced products, expand product offering at competitive prices and control quality of products offered for sale. The project includes an investment of \$750,000 in real property improvements and the purchase of an extruder and mixing system for \$17.6 million. Saginaw Future assisted the company and Buena Vista Charter Township with a tax abatement application, and meetings and tours to acquaint the Buena Vista Board of Trustees with the project and operations.

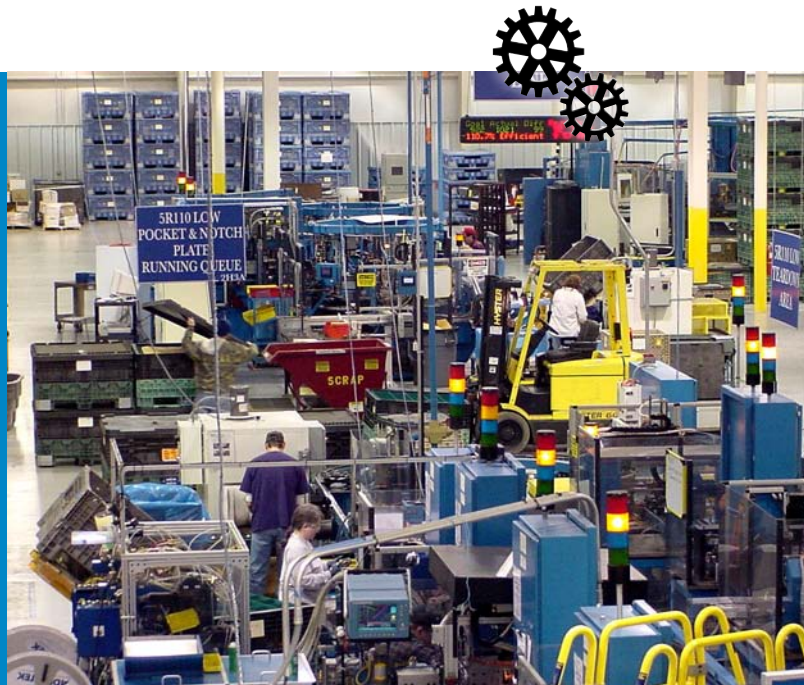

Alfe Heat Treating, Inc.

www.al-fe.com

is an aluminum heat treating and parts blasting operation at 1300 Leon Scott in the City of Saginaw. The company invested \$4.6 million in new equipment and added six jobs as a result of the investment. The project consisted of the installation of a new precision air quench system, transfer car and conveyors, and a continuous furnace. Saginaw Future and the community helped retain the project with a tax incentive. The Alfe Saginaw Heat Treating Quality System is certified to the ISO/TS 16949 quality standards for aluminum heat treating, shot blasting, and parts washing. In an effort to meet and exceed customer expectations, Alfe Saginaw developed a water blast system which cleans heat treated aluminum parts prior to shipping them to its customer's machining source. Alfe Heat Treating's Saginaw facility was established in 2000 and its company headquarters are located in Fort Wayne, Indiana. Alfe also has locations in Wabash, Indiana; Wadsworth and Defiance, Ohio; and Charlotte, North Carolina.

MEANS INDUSTRIES

added 28,600 sq. ft. of manufacturing space to its Buena Vista Commerce Centre Industrial Park location for a total footprint of 71,250 sq. ft. Means is also adding \$9.16 million in new equipment in 2015 to increase production of its one way clutch technology. The automotive parts manufacturer was founded in 1922. www.meansindustries.com

DUPERON CORPORATION

invested over \$200,000 in its City of Saginaw facility. The project included replacing the roof and upgrades to the parking lot. Duperon added 12 new employees over the past two years. The company produces mechanically cleaned bar screens for waste, storm and raw water intake applications. www.duperon.com

INCAL TECHNOLOGIES

acquired a CNC precision machine shop to better serve customer demands. InCal is now a one-stop shop that builds, inspects, and calibrates gages all in-house. The company invested \$250,000 and created seven jobs. SFI assisted the company by linking them with the Community Ventures and Skilled Trades Training Fund programs. www.incaltech.com

MANUFACTURING & MORE

National Pattern, Inc.

www.nationalpattern.com

located in the Bridgeview Center Industrial Park in the City of Zilwaukee, assists customers in the development of new casting processes and techniques. The company purchased new CNC equipment to increase production volumes to meet customer demands and reduce costs. Its innovative computer system insures that its capabilities are flexible and powerful enough to initiate any design. Saginaw Future assisted the company and the City of Zilwaukee community with a tax incentive. National Pattern reinvests to remain on the leading edge of tooling technology and also has a well-established apprenticeship program.

B&P Process Equipment

www.bpprocess.com

has been located at 1000 Hess Ave. in the City of Saginaw since 1889. B&P designs and manufactures a wide spectrum of mixing, compounding and centrifugal separation equipment for large-scale production systems. The company added over \$300,000 in manufacturing equipment including a new overhead crane, and lab and testing equipment. The new investment led to the hiring of eight additional employees. Saginaw Future has been working with B&P for two years to help resolve brownfield issues related to the adjoining defunct Baker Perkins. The Saginaw County Land Bank has now acquired the site.

R&M Machine Tool, Inc.

www.rmmachine.com

is a complete machine shop specializing in precision manufactured parts, production and prototype tooling for the automotive, medical and robotic industries. The company invested nearly \$360,000 in new equipment and property improvements, which led to the creation of 11 jobs. R&M Machine is located at 7920 Webster Rd. in Tittabawassee Township and was established in 1996. The company has experienced a substantial increase in sales of its crash test dummy parts and components for prosthetic hands. Saginaw Future assisted the company and Tittabawassee community with a tax incentive.

MORLEY COMPANIES, INC.

continues to hire new associates due to the expansion of existing business and new contracts. Morley is hiring employees for roadside assistance, helpdesk agents, technical automotive consultants, appliance technicians and supervisors. SFI has assisted the company with state and local tax incentives, and more. www.morley.net

CAN COUNCIL

built a 10,000 sq. ft. expansion at its location adjacent to Covenant HealthCare. The non-profit agency serves neglected and abused children from Saginaw and Bay Counties. The \$3 million investment allows for more efficient operations and client privacy. SFI worked with the Saginaw County Land Bank to acquire and clear several structures. www.cancouncil.org

AMIGO MOBILITY

is the Region 5 Procurement Contract and Technical Assistance Center Contractor of the Year. Since company Founder, Al Thieme, invented the world's first power-operated vehicle (POV)/mobility scooter in 1968, Amigo has continued to be a family-owned business with a passion for innovation and exceptional customer service. www.myamigo.com
